SBMicro – Brazilian Microelectronics Soc.

#### **Co-Sponsored by:**

IEEE Electron Device Society

SBC – Brazilian Computer Soc.

SBIAgro – Brazilian Informatics Assoc.

SBrT – Brazilian Telecommunication Soc.

SBA - Brazilian Automation Society

The SIoT is an international symposium dedicated to the broad field of Internet of Things, including all scientific and technological related aspects, as detailed at the webpage: <https://iotbrasil.org.br/congresso/2022/index>. This international event offers a unique blend of internet of things and serves as a major opportunity for the discussion of interdisciplinary research around the world through a variety of formats, such as oral presentations, poster session and exhibits. All approved papers of the symposium will be published at the IEEE Xplore.

The Symposium will be integrated and followed by the Annual IoT congress of FBloT.

SIoT will receive camera-ready submissions in English for consideration by the Program Committee with a maximum of 4 A4 pages, two-column following the IEEE conference format. A complete template (Latex and Word) to prepare your paper is available [Here](#).

<https://www.ieee.org/conferences/publishing/templates.html>

The proceedings will be submitted for publication by IEEE and will remain available at IEEE Xplore®.

See more details at the webpage.

#### **Important Deadline Dates:**

Paper Submission: August 1<sup>st</sup>, 2022

Notification of Acceptance: Sept. 12<sup>th</sup>, 2022

Camera-Ready Submission: Oct. 1<sup>st</sup>, 2022
